

Nationally Registered EMT-Paramedics

Rockingham Regional Ambulance

New Hampshire's only Nationally Accredited Commercial Ambulance Service has full-time and per diem openings for Nationally Registered EMT-Paramedics. Rockingham's medics operate under some of the most progressive standing order medical protocol systems in New England. Utilizing the best clinical equipment & techniques available today such as CPAP, EZ-IO, GPS CAD systems and tablet documentation systems, our medics operate in the busiest 9-1-1 EMS environments in New Hampshire. Successful candidates must possess superior clinical and customer service skills, have a clean driving record and be extremely reliable. Current NREMT-Paramedic, PALS, ACLS and CPR certification required. Transporting more than 40,000 patients every year, Rockingham is the highest volume 9-1-1 EMS provider in New Hampshire. With the finest people, equipment and technology, we offer an environment of quality service that we believe is unmatched by any other provider. Visit us online at www.rockingham.org for more information.

Rockingham offers one of the best compensation and benefits packages available for eligible employees including earned time off, skills training, tuition reimbursement, uniforms, 401(k) with match and employee assistance and wellness programs.
